

ISET JOURNAL OF EARTHQUAKE TECHNOLOGY

Instructions to Authors

- Research papers, technical notes, state-of-the-art papers and reports on damaging earthquakes which have not been previously published or offered for publication elsewhere are considered for publication in the ISET Journal of Earthquake Technology. Discussions on any paper previously published in the Journal are also considered for publication. Articles submitted to the Journal should be original and should not be under consideration for publication elsewhere at the same time.
- The PDF file of the manuscript should be submitted to the Editor electronically on journal editor email ID at editor@iset.org.in for possible publication of an article in the Journal. The submission may please be copied to matsagar@civil.iitd.ac.in as well smittfce@iitr.ac.in
- Following are specific requirements with regard to articles and formats:
 - i. **Paper length:** The length of a paper should be restricted to 10000 words maximum
 - ii. **Headings and Subheadings:** Headings should be in bold uppercase and numbered. Sub-headings should be in bold title case and should also be numbered.
 - iii. **Figures and Tables:** These should be numbered consecutively in Arabic numerals and should be titled. Figure captions should be given on a separate sheet also.
 - iv. **Photographs, illustrations:** Good glossy bromide prints photographs & illustrations must accompany the manuscript and be attached to the manuscript pages separately with their appearance figure number & titles.
 - v. **References:** These should be listed at the end of the text in order of their appearance in text of paper. These should be cited in the text by simply giving its serial number in the list of reference in parenthesis for example [3]. In case of more than two references related to same subject, its numbers be given by putting comma in between 2 numbers in the same parenthesis, e.g. [3, 5]. References are to be listed in the following format only:
 1. **Mittal, S. and Mukherjee, S. (2014).** “Vertical Pullout Capacity of a Group of Helical Screw Anchors in Sand: An Empirical Approach”, *Indian Geotechnical Journal*, Vol. 44, No. 4, pp. 480-488.
 2. **Mittal, S. (2014).** “An Introduction to Ground Improvement Engineering”, *SIPL Publications, New Delhi, India.*
 3. **Arlekar, J.N., Jain, S.K. and Murty, C.V.R. (1997).** “Seismic Response of RC Frame Buildings with Soft First Storeys”, *Proceedings of the CBRI Golden Jubilee Conference on Natural Hazards in Urban Habitat, New Delhi.*
 4. **Oinam, R.M. (2017).** “Metallic Energy Dissipation Devices for Seismic Strengthening of Reinforced Concrete Frames with Soft-Story”, *Ph.D Thesis, Department of Civil Engineering, Indian Institute of Technology Delhi.*
 - vi. **Acknowledgements:** Author(s) should give acknowledgement to people or agency from whom cooperation (financial, data formatting etc.) was sought for preparation of that paper.
 - vii. **Abstract:** This should not exceed 150 words and should contain accurate representation of the substance of the article. It should be followed by a list of 3 to 5 key words.
 - viii. **Units:** All quantities should be in SI units. Other units may be enclosed in parentheses after the SI units, if necessary.
- **Preparation for Publication:** Once accepted for publication, the final version of the article will be sent to the author(s) for proof checking, which should be returned to the Editor within 15 days. The author(s) should ensure that it is complete with no grammatical or spelling errors. The author(s) have to sign copyrights transfer also, on the format, to be supplied by Editor to the corresponding author, which he will send along with checked proof of the paper.
